For avoidance of doubt, this warranty does not apply to Geberit products purchased from non-authorised resellers or non-authorised distributors, including from online marketplaces such as eBay and Facebook Marketplace.

- The use of non-Geberit products, accessories, parts or components, including without limitation, flush buttons, remote buttons and access plates, and other flush controls used with Geberit products, including concealed cisterns, except where Geberit expressly authorises the use of such items. [Refer to 'Use of Non-Geberit Components' section for more information]

For the avoidance of doubt, the exclusions set out in this 'Warranty Exclusions' section apply only to this warranty and do not limit your rights under the Australian Consumer Law.

To the fullest extent permitted by law, Geberit excludes all liability for damage or injury to any person, damage to any property, and any indirect consequential or other loss or damage.

NON-GEBERIT COMPONENTS, PRODUCTS, ACCESSORIES, PARTS AND/OR COMPONENTS – WARRANTY LIMITATIONS

Geberit products are precision designed and tested to operate with other Geberit tested and authorised products, accessories, parts and components. Using untested or non-Geberit components, products, accessories, and/or parts may affect performance or cause faults.

Where a Geberit product is installed with non-Geberit product, accessory, part and/or component, such as, for example, a non-Geberit flush button or flush control mechanism:

- This warranty continues to apply only to the Geberit product and to genuine Geberit products, accessories, components and parts;
- In respect of any Geberit product that is mechanically linked to or operated by the non-Geberit product, accessory, part and/or component, it is the responsibility of the manufacturer or supplier of that non-Geberit product, accessory, part and/or component, and they must be the consumer and/or selling party's first point of contact for any related faults or failures;
- If it is found, upon inspection by an authorised Geberit representative, that a Geberit product is at fault and the fault was not caused or contributed to by the non-Geberit product, accessory, part and/or component, Geberit will meet its warranty obligations for that Geberit product, including attending site to repair or replace it where required;
- Geberit is not responsible under this warranty for any fault, failure, damage, cost or loss that is caused or contributed to by, or arises from, the non-Geberit product, accessory, part and/or component.
- For the avoidance of doubt, if, after inspection by an authorised Geberit representative, it is unclear as to whether the fault is with the Geberit product, this limited product warranty will not apply.

YOUR RIGHTS UNDER THE AUSTRALIAN CONSUMER LAW

Nothing in this warranty excludes, restricts or modifies any rights or remedies you may have under the Australian Consumer Law. The benefits given by this warranty are additional to other rights and remedies that you may have under any laws in relation to the supply of the Geberit products, including but not limited to the Australian Consumer Law.
